## Multi-Biometric T&A and Access Control Terminal

ZKTeco has released the uFace602 Multi-Biometric T&A and Access Control Terminal which supports 1,200 face templates, 2,000 fingerprint templates and 10,000 cards (optional). It is equipped with ZKTeco latest hardware platform and algorithm, which provide clients with a brand new UI and user-friendly operating interface, bringing them a smooth using experience. With the advanced face algorithm and multi-biometric verification technology, the terminal's security level of verification is greatly enhanced.

---

### Features

- 1, 200 face and 2,000 fingerprint templates
- Multi-languages
- High verification speed
- Advanced and user-friendly UI
- Chip encryption for firmware protection
- Optional built-in battery backup providing approximately 4 hours of continuous operation
- Easy to extend functions and customize client's requirements
- One face template is registered for one user only
- Able to detect whether the face is an actual face or a photo, enhancing the security level of verification
